Educational Resources for the Summer

Year-at-a-Glance Pacing Guide

Students and parents can look at what they will be learning in the next grade by using this resource. The standards have learning links, activities, and resources aligned to them.

The **Year-at-a-Glance** (YAG) is a document that informs parents and students of the recommended pacing and content standards for selected courses. It includes the topics to be taught week by week each quarter and a list of instructional resources. The YAG is only a recommended pacing guide; school leaders and teachers make the final decision regarding the pacing of any program of study. The classroom teacher is always the best source of information regarding content and pacing. The YAG is supplied as a model of one recommended path to the completion of a course.

Khan Academy

Khan Academy has content from all major subject areas to seamlessly cover curriculum in grades K-12. With embedded assessments, and automatic differentiation, Khan Academy ensures that each one of your students succeed at their own pace. (You must register with a parent email for a free account to complete grade level missions.)
