

# Meet Ms. Bell

*As a homegrown Florida native, I graduated from the University of West Florida with a degree in Pre Kindergarten/Primary Education. I have a heart for kindergarten and have been blessed to spend 22 of my 23 years working with my "K" babies. When I'm not at school or renovating my new home, you can find me at the beach, working out or traveling. I am so excited to be a member of the Palm Valley Academy family. I look forward to joining your child on this learning adventure!*
