

MEET MS. MEREDITH

Teaching is my greatest passion because nothing brings me more happiness than sharing the joy of learning with my students. This will be my 6th year of teaching and my 3rd year of being a Bobcat! I received my Masters degree from the University of Florida, so yes, "Go Gators"! I have a wonderful family all living in Florida including my precious niece and nephew!

"As we let our own light shine, we unconsciously give other people permission to do the same."
