

Meet Mrs. Adamo

About Me

This is my eleventh year teaching first grade. Before I became a teacher, I spent my time volunteering in classrooms and subbing in different grade levels.

I'm a proud mother of three children who went to school in St. Johns County and now all attend the University Of Florida.

I am so excited for a fantastic year together!

My Advice to First Graders

Choose to be kind.
Read every single day.
Treat others the same way
you want to be treated.
Mistakes are proofs that you
are trying.
